

10th Annual

China International Food Safety & Quality Conference + Expo 2016

November 2 – 3, 2016

Shanghai Marriott Hotel City Centre • Shanghai, China

www.chinafoodsafety.com

Advancing Your Food Safety Knowledge

All businesses within the food industry and government regulators have a role in ensuring food safety within the global food system. For those who are at the front lines of protecting the food supply, the China International Food Safety & Quality (CIFSQ) Conference provides you with the critical knowledge, solutions and tools to excel in what you do. CIFSQ Conference is also an exceptional opportunity for learning new skills, building your professional network and to engage in meaningful dialogue with global thought leaders and scientific experts. An accompanying exhibition brings you the latest technologies for a wide range of applications at the farm, in the test lab, manufacturing plant, during storage and transportation at the retail level, in restaurants and beyond.

PRELIMINARY PROGRAM

Day 1: November 2, 2016 – Keynote & Plenary Session

Opening Address

David Tharp, Executive Director, International Association for Food Protection

Chen Junshi, Chief Adviser, China National Centre for Food Safety Risk Assessment

Ge Zhirong, Honorary Conference Chair; President, China Entry-Exit Inspection & Quarantine Association; Counselor of State Council

Official from Shanghai Food & Drug Administration

Opening Keynotes & Regulatory Address

Moderator:

David Tharp, Executive Director, International Association for Food Protection

Speakers:

Peter Bleser, Parliamentary State Secretary, German Federal Ministry of Food and Agriculture

Stephen Ostroff, Deputy Commissioner for Foods and Veterinary Medicine, U.S. Food & Drug Administration

Bernhard Url, Executive Director, European Food Safety Authority

Alfred Almanza, Deputy Under Secretary for Food Safety, U.S. Department of Agriculture

Leader, Department of Food Safety Supervision III, China Food and Drug Administration

Speaker from General Administration for Quality Supervision Inspection & Quarantine

Regulator's Panel Discussion

Implementing New Food Safety Legislations and Regulations – Best Practices, Challenges and Lessons Learnt

Host & Moderator: **Samuel Godefroy**, Professor, Food Risk Analysis and Regulatory Systems, Faculty of Agriculture and Food Sciences, University Laval

Co-Host: **Fan Yongxiang**, Chief Food Standards Division, China National Centre for Food Safety Risk Assessment

Implementing New Food Safety Legislations and Regulations – Best Practices, Challenges and Lessons Learnt

Invited Panelists:

Karen McIntyre, Director General, Food Directorate – HPFB, Health Canada (tbc)

Nathan Belete, Practice Manager, Agriculture Global Practice, East Asia and the Pacific, World Bank (tbc)

Ali Badarneh, Senior Industrial Development Officer, Trade Capacity Building Branch, UNIDO (tbc)

Renata Clarke, Head, Food Safety and Quality Unit, Agriculture and Consumer Protection Department, FAO (tbc)

Gregory Read, First Assistant Secretary, Exports Division, Department of Agriculture, Australia (tbc)

Martine Dubuc, Vice President, Science Branch and Chief Food Safety Officer for Canada, Canadian Food Inspection Agency (tbc)

Richard Arseneault, Executive Director, Domestic Food Safety Systems & Meat Hygiene Directorate, Canadian Food Inspection Agency

Industry Leadership Session

Host & Moderator:

Yves Rey, Senior Advisor to Danone Board of Directors; Former Corporate Quality General Manager of Danone Group; Former Chairman of GFSI; CIFSQ Conference Ambassador

Former Chairman of GFSI; CIFSQ Conference Ambassador

Speakers:

Frank Yiannas, Vice President, Food Safety, Walmart

Sponsored by 

Industry Leadership Panel Discussion: Advance Food Safety Culture Starts with Leadership

Chair:

Cindy Jiang, Senior Director of Global Food Safety and Supply Chain Compliance, McDonald's Corporation; GFSI Board Member

Panelists:

Ryan Zhou, Senior Director, Nielsen China

Frank Yiannas, Vice President, Food Safety, Walmart

Li Jie, Associate Professor, Department of Marketing, Antai College of Economics & Management, Shanghai Jiao Tong University

Xu Xuebing, General Manager, Global R&D Center, Wilmar

Chen Lijun, General Manager, Sanyuan Foods

Wu Tong, Executive Vice President, Keystone Foods in China

Dennis Foo, Vice President & General Manager, ConAgra Foods Lamb Weston

Meng Shu He, Chair, China Institute of Food Science & Technology

Science & Innovation Session

Host & Moderator:

Chen Junshi, Chief Adviser, China National Centre for Food Safety Risk Assessment

Speakers:

Christopher Elliott, Professor of Food Safety, Pro Vice Chancellor, Faculty of Medicine, Health & Life Sciences, Queens University; Founder, Institute for Global Food Security

Lucy Yu, Professor, Department of Nutrition & Food Science, University of Maryland

Mickey E. Parish, Senior Science Advisor (Acting), U.S. Food and Drug Administration

Terence Lau, Director of Innovation and Technology Development; Adjunct Professor, Department of Applied Biology and Chemical Technology, The Hong Kong Polytechnic University; Convener, The Food Safety Consortium

Jorgen Schlundt, Michael Fam Chair Professor Food Science and Technology, Nanyang Technological University

Paul Hepburn, Director, Food Safety, Safety & Environmental Assurance Centre, Unilever

Gold Sponsor 

Day 2: November 3, 2016 – Breakout Sessions

Breakout Session A

EU-Sino Food Safety: Joint Research Project on Food Safety

From Food Safety to Food Integrity

Session Chair:

Wu Yongning, Chief Scientist, China National Center for Food Safety Risk Assessment

Christopher Elliott, Professor of Food Safety, Pro Vice Chancellor, Faculty of Medicine, Health & Life Sciences, Queens University; Founder, Institute for Global Food Security

EU Horizon 2020: EU-Sino-Safety

Christopher Elliott, Professor of Food Safety, Pro Vice Chancellor, Faculty of Medicine, Health & Life Sciences, Queens University; Founder, Institute for Global Food Security

Food Integrity: Global Problems Need Global Solutions

Paul Breerton, Head of Agri-food Research, Food, Environment, Rural Agency, Newcastle University

Metabolomic Fingerprinting as an Effective Tool in Fighting Food Fraud

Jana Hajslova, Professor, Department of Chemistry & Analysis, Institute of Chemical Technology, Prague

The World Bank Led Global Food Safety Partnership (GFSP): A Scalable, Sustainable Approach to Laboratory Capacity Building

Paul Young, Senior Director, Waters Corporation

Isotope Dilution MS for Peptide to Milk Authenticity

Ren Yiping, Professor, Yangtze Delta Region Institute of Tsinghua University

Case Example of Vulnerability Assessments

John O'Brien, Deputy Head, Nestle Research Center, Nestle, Switzerland

Food Safety International Cooperation

Wu Yongning, Chief Scientist, China National Center for Food Safety Risk Assessment

Waters
THE SCIENCE OF WHAT'S POSSIBLE™

Breakout Session B & J

The First Asia Pacific Food Allergen Management Workshop

Supported by the Food Risk Analysis and Regulatory Excellence Platform of University Laval, INAF, Québec City, QC, Canada

Session Chair:

Samuel Godefroy, Professor, Food Risk Analysis and Regulatory Systems, Faculty of Agriculture and Food Sciences, University Laval

Alice Lee, Associate Professor, School of Chemical Engineering, Food Science & Technology, University of New South Wales;

Co-director, ARC Training Centre for Advanced Technologies in Food Manufacture

First Session: Setting The Stage – Food Allergen Management in China Starting Point and Future Directions

The Gap between Research and Public Health Imperatives of Food Allergen Management in China

Wu Yongning, Chief Scientist, China National Center for Food Safety Risk Assessment

China's Current Environment Related to Food Allergen Management and Future Directions

Fan Yongxiang, Chief Food Standards Division, China National Centre for Food Safety Risk Assessment

Panel Discussion and Addressing Questions

Second Session: Learning from Past Experience of Food Allergen Management in the Asia Pacific Region

ILSI South East Asia's Support to Food Allergen Management in the Region

Keng Ngee Teoh, Senior Manager, Scientific Programs, International Life Sciences Institute South East Asia Region

Canadian Experience Aiming for a National Food Allergy Strategy

Susan J. Elliott, School of Public Health and Health Systems, University of Waterloo, Canada

Sharing the Australian Experience in Stakeholder Engagement to Support Food Allergen Management and Dissemination of Best Practices

James Roberts, General Manager, Analytical Services Branch, National Measurements Institute, Government of Australia

Managing Food Allergens – An Imperative in Industry Practices for Domestic Production and Exports

Zhang Shucheng, R&D Manager, Chairman Assistant, Yantai Shuangta Food Co.Ltd

Third Session: Testing for Food Allergens as a Pillar of Management Practices

Method Development for Food Allergen Testing

Sun Xiulan, Professor, The School of Food Science and Technology, Jiangnan University

Introducing Allergen Testing to Support Allergen Management in the Food Industry

Sigrid Haas Lauterbach, Division Manager, Food and Feed Analysis, R-Biopharm – AG

Recent Developments in Applying Food Allergen Testing in Thailand

Masahiro Shoji, Adviser, Morinaga Bio-science (Thailand) Co., Ltd.

Food Allergen Management in the Food Industry

Chin Hongbin, Professor

Importance of Food Allergen Testing for the Food Industry

Sarita Vyas, Site Director, Eurofins Technology Service (Suzhou) Co.,Ltd, China (tbc)

Mass-Spectrometry Testing for Food Allergens

Ren Yiping, Professor, Yangtze Delta Region Institute of Tsinghua University Zhejiang

Panel Discussion:

Efforts to Provide Guidance and Harmonize Allergen Testing Methods in Response to Regulatory Requirements

Closing Remarks and Next Steps: Next Asia Pacific Workshop on Food Allergen Management

rbiopharm

Breakout Session C

GFSP's China Food Safety Initiative

Session Chair:

Representative from Global Food Safety Initiative

Breakout Session D

Emerging Issues & Innovative Solutions for Food Safety (Part 1)

Session Chair:

Joseph Elrefaie, Director, International and Commercial Quality, ConAgra Foods, Inc.

Topic tbc

Gale Prince, President, SAGE Food Safety Consultants, LLC.

Trends in Food Assurance*

Andrew Baines, Managing Director, ASQ Global

Topic tbc*

Karsten Skov, Sales Director, FBK ApS

Topic tbc

Joseph Elrefaie, Director, International and Commercial Quality, ConAgra Foods, Inc.

ASQ
GLOBAL

FBK
Fyens Børns- & Kostefabrik ApS

ConAgra
Foods
Lamb Weston
A Division of ConAgra Foods

* sponsored presentations

Breakout Session E Modern Methods & Solutions for Microbial Testing, Detection and Control

Session Chair:

Vivian C.H. Wu, Research Leader, Agricultural Research Service, Western Regional Research Center, United States Department of Agriculture

Rapid Pathogen Detection for Seafood Using Immunomagnetic Beads-Based Separation combined with Loop-Mediated Isothermal Amplification

Sun Xiaohong, Associate Professor, Shanghai Ocean University

3M 24h Microbial Solutions and New Products*

3M China Limited

Control and Prevent Bacteria Cross Contamination in Food Manufacturing Facilities

Kenny Chuang, Senior Director, Quality Assurance, Yum! Brand, China

Importance of Quality Control Microorganisms in Food Testing*

Speaker from Microbiologics

Topic tbc*

Christophe Dufour, Scientific Director, Merieux NutriSciences

Topic tbc*

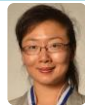

Speaker from Biomerieux

Topic tbc

Vivian C.H. Wu, Research Leader, Agricultural Research Service, Western Regional Research Center, United States Department of Agriculture

Breakout Session F Analysis of Contaminants, Residues & Natural Toxins

Session Chair:

Bao Lei, President, China Section, AOAC International; Board Director, AOAC International; Head, Nestle Food Safety Institute

Facilitating Global Trade Drives AOAC into the Future

Bao Lei, President, China Section, AOAC International; Board Director, AOAC International; Head, Nestle Food Safety Institute

Mycotoxin Analysis: Most Recent Advances in Reference Analysis and Rapid Methods *

Kurt Brunner, Global Research & Development Director, Romer Labs Division Holding GmbH

LC-MS/MS and Chemometric Approach based on LC-TOF to Screen Veterinary Residues in Infant Formula

Zhang Xiaomei, Shandong Exit and Entry Inspection and Quarantine Bureau of China

Progress of the Analytical Technique of Contaminants in Foods

Zhao Yunfeng, Director, Food Chemistry Department, China National Center for Food Safety Risk Assessment

GB standards for Mycotoxins

Ren Yiping, Professor, Yangtze Delta Region Institute of Tsinghua University

Breakout Session G EU Seminar on Priorities in Food Safety 2016 – 2020

Session Chair:

Bernhard Url, Executive Director, European Food Safety Authority

Jerome Lepeintre, Minister Counsellor for Health & Food Safety, Delegation of the European Union to China and Mongolia

EC Priorities in Food Safety

Jerome Lepeintre, Minister Counsellor for Health & Food Safety, Delegation of the European Union to China and Mongolia

Priorities for Cooperation between China and the EU in the Area of Food Safety

Chen Junshi, Chief Adviser, China National Centre for Food Safety Risk Assessment

WHO Perspectives on Food Safety in 2017-2020

Martin Taylor, Team Leader, Health Systems Development & Collaborative Initiatives, World Health Organization (tbc)

Endocrine Disruptors: Priorities in the EU for Plant Protection Products and Biocides

Roland Solecki, German Federal Institute for Risk Assessment, Berlin

EFSA Guidance on Applications for Novel Foods and Traditional Foods from Third Countries

Wolfgang Gelbmann, Senior Officer, Nutrition Unit, European Food Safety Authority

FAO Perspectives on Priorities in Food Safety in 2017-2020

Markus Lipp, Head of the Secretariat of FAO/JECFA, Rome

Antimicrobial Resistance: Strategies to Combat a Global Hazard

Marta Hugas, Head of Biological Hazards and Contaminants Unit, European Food Safety Authority

Breakout Session H Whole Genome Sequencing

Session Chair:

Jorgen Schlundt, Michael Fam Chair Professor Food Science and Technology, Nanyang Technological University

The Development of WGS in Food Safety Investigations in China

Xu Jianguo, Director and Professor for National Institute for Communicable Diseases Control and Prevention, China CDC

Insights into the Investigation of the 2015 Singapore Foodborne Outbreak Caused by Group B Streptococcus, Based on Whole Genome Sequencing

Chen Swaine, Senior Scientist, Genome Institute of Singapore

Developing a National Strategy to Bring Pathogen Genomics into Practice – The UK Experience

Sobia Raza, Data Science Policy Analyst at the PHG Foundation, UK (tbc)

Creating a Global System to Share Whole Genome Sequences of All Microorganisms: The Global Microbial Identifier

Jorgen Schlundt, Professor Nanyang Technological University, Singapore

COMPARE: An EU Project Enabling Future Detection of and Response to Disease Outbreaks Among Humans and Animals Worldwide Through the Use of New Genome Technology

Frank Moeller Aarestrup, Head of WHO Coll. Centre Antimicrobial Resistance, Professor Technical University of Denmark

EMBL-EBI Building the Database with Whole Genome Sequences of International Isolates

Guy Cochrane, Head of the European Nucleotide Archive (ENA) (tbc)

The NCBI Pipeline for Whole Genome Sequences of Microorganisms

Bill Klimke, Senior Scientist NCBI (National Center for Biological Information) USA (tbc)

Breakout Session I

EU-Sino Food Safety: Joint Research Project on Food Safety - Food Fraud: Vulnerability Assessments and Analytical Detection

Session Chair:

Wu Yongning, Chief Scientist, China National Center for Food Safety Risk Assessment
Saskia van Ruth, Professor, Food Authenticity & Integrity, Wageningen University & Research Centre
Zhu Wei, Director, Global Center of Excellence for Food, U.S. Pharmacopeial Convention China

Food Fraud: SSAFE Vulnerability Assessment (in Relation to the GFSI Vulnerability Assessments)

Saskia van Ruth, Professor, Food Authenticity & Integrity, Wageningen University & Research Centre

A Criminological Analysis of Food Fraud: Offender Profiles and Fraud Motives and Opportunities

Wim Huisman, Professor of Criminology, Vrije Universiteit Amsterdam

Vulnerability Assessments in Food Chemical Codex 11

Zhu Wei, Director, Global Center of Excellence for Food, U.S. Pharmacopeial Convention China

Topic tbc

Speaker from PWC

Fighting Food Fraud with NMR Spectroscopy

Arne Dübecke, Research & Development, Quality Services International GmbH, Member of the Tentamus Group

Authentication of Organic Milk with Advanced Fingerprint Techniques and Chemometrics

Liu Ningjing, Wageningen University and Research Center

Topic tbc

Speaker from Danone

European Food Authenticity and Chinese Consumers

Lynn Frewer, Professor, Food and Society, School of Agriculture, Food & Rural Development, Newcastle University UK

Breakout Session K

GFSI's China Food Safety Initiative Members Working Group Meeting

Session Chair:

Representative from Global Food Safety Initiative

Breakout Session L

Emerging Issues & Innovative Solutions for Food Safety (Part 2)

Session Chair:

Andy Hwang, Research Food Technologist, Eastern Regional Research Center, Agricultural Research Service, U.S.D.A.

Natural Occurrence and Transmission of Antibiotic Resistant Microorganisms in Food-Producing Animals

Kwangcheol Casey Jeong, Assistant Professor, University of Florida

Detection and Control of Microbial Contamination in Drinking Water *

Chen Qiu Xia, Deputy Dean of Sanitation Examination Station, Guangdong CDC

Topic tbc

Andy Hwang, Research Food Technologist, Eastern Regional Research Center, Agricultural Research Service, U.S.D.A.

Breakout Session M

Predictive Microbiology & Quantitative Microbial Risk Assessment

Session Chair:

Huang Lihan, Research Leader, Residue Chemistry and Predictive Microbiology Research Unit, Eastern Regional Research Center, USDA Agricultural Research Service

Anne Zhang, Director, North Asia Regulatory Affairs, Unilever

Modelling Cross-Contamination for Quantitative Pathogen Risk Assessment

Dong Qingli, Associate Professor, Institute of Food Quality and Safety, University of Shanghai for Science and Technology

Dynamic Simulation of Growth and Survival of Salmonella Paratyphoid a in Roasted Marinated Chicken During Refrigerated Storage

Li Miaoyun, Professor, College of Food Science and Technology, He Nan Agricultural University

Integrated Data, Predictive Models, and Sensors to Manage Food Safety and Quality in Supply Chains

Mark Tamplin, Professor and Leader, TIA Food Safety Centre, University of Tasmania-Tasmania Institute of Agriculture

The Risk Assessment and the Big Data

Zhou Kang, Associate Professor, Sichuan Agricultural University

Combase Database and Suite of Predictive Models

Jozsef Baranyi, Research Leader, Institute of Food Research, Norwich, UK

The USDA Integrated Pathogen Modeling Program

Huang Lihan, Research Leader, Residue Chemistry and Predictive Microbiology Research Unit, Eastern Regional Research Center, USDA Agricultural Research Service

Review on Predictive Modeling of Microbial Single Cells

Ding Tian, Associate Professor, College of Biosystems Engineering and Food Science, Zhejiang University

Development of an Integrated Model for Heat Transfer and Thermal Inactivation of Listeria Monocytogenes During the Pasteurization of Canned Salmon Roe

Li Changcheng, Lecturer, College of Food Science, Fujian Agriculture and Forestry University

Breakout Session N

Part 1: Food Safety Culture – Implementing and Imbedding it into Companies and Regulatory Agencies

Part 2: The Culture of Food Safety and Economically Motivated Adulteration

Session Chair:

Brian Bedard, Executive Director, GMA Science & Education Foundation

Strengthening a Food Safety Culture - The Importance of, and How to Achieve Sanitation and Hygiene Excellence at All Levels of your Organization*

Darin Zehr, General Manager, Commercial Food Sanitation LLC

Improve a Food Safety Culture in an Italian Cheese Factory

Claudio Gallottini, Food Safety Exper, Area Food Safety, Safety on Workplace and Quality, Euroservizi Impresa Srl

Topic tbc

Brian Bedard, Executive Director, GMA Science & Education Foundation

Breakout Session O

Current Risk Assessment of Global Food Chains

Session Chair:

Andreas Hensel, President, German Federal Institute for Risk Assessment (BfR)

Welcome Remarks and Introduction

Andreas Hensel, President, German Federal Institute for Risk Assessment (BfR)

Food Safety Risk Assessment in ANSES: Comprehensive, Independent and Open to Society

Roger Genet, Director General, French Agency for Food, Environmental and Occupational Health & Safety (ANSES)

Tools for Risk Assessment and Traceability in a Globalised World

Anja Buschulte, Department of Biological Safety, Federal Institute for Risk Assessment (BfR)

EFSA Strategy 2020: Trusted Science for Safe Food

Bernhard Url, Executive Director, European Food Safety Authority (EFSA)

Food Safety - Challenges & Chances for Joint Research

Mark Bücking, Head of Department Environmental and Food Analysis, Fraunhofer Institute for Molecular Biology and Applied Ecology (Fraunhofer IME)

Trade Risk Assessment Using Bayesian Network Analysis as a Step Forward in Risk Modelling - a Salmonella Case Study

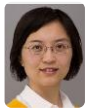

Christine Mueller-Graf, Head of Unit, Epidemiology, Statistics and Mathematical Modelling, Federal Institute for Risk Assessment (BfR)

Topic tbc

China National Center for Food Safety Risk Assessment (CFSA)

Breakout Session P

Food Safety in China: Past Present and Future

Session Chair:

Joseph Jen, Honorary professor of Shanghai Jiao Tong University

Yue Jin, Deputy Director, Bor S. Luh Food Safety Research Center, Shanghai Jiao Tong University

Current Status of Food Safety in China

Chen Junshi, Chief Adviser, China National Centre for Food Safety Risk Assessment

Food Safety Regulatory Inspection System in China

Gu Zhenhua, former Deputy Director of Shanghai Food and Drug Administration

Meat Safety in China

Zhou Guanghong, President of Nanjing Agricultural University

New Technology for Analysis of Genetically Engineered Organisms

Zhang Dabing, Professor of Life Sciences, Shanghai Jiao Tong University

Foodborne Pathogenic Bacteria

Shi Xianming, Professor of Food Science, Shanghai Jiao Tong University

Risk Assessment: Microbial Hazards

Jiao Xinan, President, Yangzhou University, Yangzhou
