Company Profiles

Phnom Penh Special Economic Zone

Phnom Penh SEZ Plc. (publicly listed in Cambodia under “PPSP”) manages Phnom Penh SEZ with over 357 hectares in size and more than 80 international companies from 15 different countries invested in the zone. The SEZ designation provides considerable government incentives and benefits to SEZ developers, operators and its zone investors, including exemptions from customs tax, income tax and other taxes, resulting in reduced costs for infrastructure, utilities, raw materials and other resources, which increases export competitiveness and benefits international trade. PPSEZ also manages a SEZ at Poipet near the Thai border.
