Phuong Tram

Chief Information Officer (CIO)

Mr. Phuong Tram was DuPont's Chief Information Officer (CIO). He led the DuPont worldwide IT & Processes organization, focused on direct IT support for business units, functional units and regional operations. Mr. Tram joined DuPont in 1989 as the operations manager in Sydney, Australia. Prior to joining DuPont, Mr. Tram worked for ICI, Australia, in various plant and management positions.

- He transferred to Wilmington in 1999 as the CIO and eBusiness director for the Agriculture & Nutrition businesses. He held the CIO position for global operations, functions, Asia Pacific, and Canada and was appointed vice president, global integrated service delivery, Information Technology in December 2006.
- Mr. Tram graduated from the University of New South Wales, Australia, with a B.E. in Chemical Engineering. While attending the university, he was awarded the Australian Dean Scholarship and the University Graduate Scholarship.
- He currently serves as a board member for Technology Business Management Council. He is also a member of AT&T's Executive Customers Advisory Board, Dell-EMC CIO Advisory Board, Salesforce's CIO Advisory Board and Research Board and FPT Corporation's Chief Adviser in Digital Transformation
